Favorite Music:	<u>All kinds. I don't listen to shitty country, but that's only because I know Merle, Willie, Hank, and David more than the 'new' country squirts. I'd buy anything if I knew it, liked it, and had the money. I like electronica, but I'm not in the scene so how do I know what isn't pompous and monotonous? Can is the best band in my head right now. I don't mind the new punk, but much of it sounds whiny. I was raised on Exploited, MDC, Minor Threat, Descendents, Black Flag, Rush, and DK. And The classic rock stations (YES, Zep, Floyd and the like)...and Star Wars story records. I like a lot of Jazz. John Zorn, Sun Ra, Ornette Coleman, Dave Brubeck... What's been in my CD changer the longest? Stravinsky (Rite of Spring/Petrushka/Firebird), CAN (Tago Mago, Cannibalism I, Moon over babaluma), Samba Soul 70, Taxi Driver soundtrack, John Zorn (Naked City), and Dave Brubecks time signatures.</u>
Favorite Books:	<u>Illuminatus! Trilogy, Schrodingers Cat, Finnegans Wake, Neuromancer, Cerebus, The watchmen, Malcolm X's autobiography, The book of Cheese, Naked Lunch, .</u>
Favorite TV Shows:	<u>Ren & Stimpy, Simpsons, Bakersfield P.D., Manimal, Everybody thinks Raymond is a whiny little bitch, Dr. Who, Star Treks, Mr. Show,</u>
Favorite Movies:	<u>The Star Wars trilogy, Naked Lunch, Blue Velvet, Surf Nazis must die, Spex Appeal, Excalibur, Ninja Scroll, Anything I've seen by Kurosawa or Kubrick, especially Ran & Clockwork, Blade Runner, any MST3K (is that a movie or a tv show?)</u>
About Me:	I get distracted easily. I eat cheese. I have a hard time talking to someone I don't know. I like to write, invent things, play video games, drink, watch movies. The last three tend to downplay the first two. I am a popcorn master. Really. I I I me me me

RoseMary, 10/22/2004:

wow. Lalo. You can't spell Lalo without all...o. When God made Lalo, he broke the mold into a million little pieces. And then he tried to glue the shattered fragments back together, and all the lame excuses for humanity that you see around you are the results. Did I mention He's uncircumcised? GRRR!!! Whatta tiger! Too bad He's only using me to fulfill his latent homosexual fantasies about my brother. Sigh..

Rose told me about this WEB site that Lalo and her both had profiles. It was written a month ago. This helps describe the uniqueness of Lalo. Please read with joy of his humor and intellect. We love you Lalo
